AVDA. DIAGONAL, 460 . 08006 BARCELONA . SPAIN Tel. +34 237 95 47 [showroom@icosmic.com](mailto:showroom@icosmic.com)  
ARCHITECT: ALEJANDRO ARMENTER

TIMETABLE: MONDAY\_FRYDAY 10.30\_2.00am / 4.00\_8.00pm

**COSMIC**, in accordance with its present expansion, has committed to the creation of a new showroom in Avinguda Diagonal, between Passeig de Gràcia and Rambla de Catalunya. The showroom, of 300 m<sup>2</sup>, is placed in the heart of Barcelona beside the best shops and showrooms of the city.

The challenge of **COSMIC SHOWROOM** is to become **the best showcase for the firm**, a place to experience the contact with the product. Washbasins, bath tubs, shower trays, cabinets and accessories are showed in a neutral atmosphere which has been created to make the visitor understand our firm's philosophy and the idea behind each of its designs.

The fact that the place has been naked, leaving the basic architecture used in the majority of modernist buildings from the beginning of the XXth century in the 'Eixample' area in Barcelona, and the use of materials such as **stone, steel and brick**, give an idea of the simplicity of the building.

Walking along the warm floor, the visitor is guided through an oak platform, where the different atmospheres are located below its **right lighting with black as the only colour in the background**, making our product the main character. At the end of the path, beside a 'patio', there is a studio where the expert and the visitor will be advised and provided with the requested information.
